CHAPTER 1 CUSTOMER CARE PRINCIPLES, OBJECTIVES AND IMPLEMENTATION, AND DIFFERENTIATION

2. Customer care principles, and objectives

(1) The municipality aims –

(a) to move progressively towards the social and economic uplift of the community in harmony with its natural environment;

(b) to provide basic services that are affordable to all its people, and specifically to the poor and disadvantaged, provided that, where applicable, service fees, rates, metered services, other municipal charges, levies, fees, fines, interest, taxes or any other amount or amounts payable, arising from any other liability or obligation, are paid for;

- (c) to engage the active participation of the community in the municipality's affairs, in particular in planning, service delivery and performance management;
 - (d) to provide efficient, effective and transparent administration that conforms to constitutional principles;
 - (e) to ensure that the municipality is financially and economically viable; and
 - (f) to create a harmonious relationship between the municipality and the community through the acknowledgement of reciprocal rights and duties;
- (2) The municipality by this by-law, designs, regulates on and implements a customer care and management system as contemplated in section 95 of the Municipal Systems Act.

3. Municipal manager responsible officer

The Municipal Manager –

- (a) is responsible to the Executive Mayor for the implementation and enforcement of the provisions of this by-law;
- (b) must, for the purposes of paragraph (a) take the necessary steps to implement and enforce the provisions of this by-law;
- (c) is accountable to the Executive Mayor for the agreed performance targets as approved by the municipality and the Executive Mayor, and for these purposes must –
 - (i) report to the Executive Mayor on matters relating to this by-law, including but not limited to –
 - (aa) the effectiveness of administrative mechanisms, resources processes and procedures to collect money that is due and payable to the municipality;
 - (bb) billing information, including the number of account holders, accruals, cash-flow, and customer management;
 - (cc) the satisfaction levels of account holders regarding services rendered; and
 - (dd) the effectiveness of the municipality's indigence relief measures; and
 - (ii) encourage and bear on account holders, where needed, to settle outstanding accounts within the ambit of this by-law; and
 - (iii) with the consent of an account holder, enter into an agreement with the account holder's employer to deduct from the salary or wages of the account holder –
 - (aa) any outstanding amounts as may be agreed; or
 - (bb) such regular monthly amounts as may be agreed, and may provide special incentives for employers to enter into such agreements, and employees to consent to such agreements.

4. Differentiation between customers and exemption

- (1) In accordance with the principles embodied in the Constitution and the provisions of sections 6 and 8 of the Property Rates Act, 2004 (Act 6 of 2004) and sections 74(3) and 75 of the Local Government: Municipal Systems Act, 2000 (Act 32 of 2000) the municipality may differentiate between different categories of users and consumers in regard to the tariffs which it levies, categories of ratepayers, account holders, customers, debtors, taxes, services, service standards and other matters, however, such differentiation must at all times be reasonable, and must be fully disclosed in each annual budget.
- (2) The municipality may, in writing exempt an account holder, category of account holders, or other persons from complying with a provision of this by-law, subject to any conditions it may impose, if the application or operation of that provision would be unreasonable, however the municipality or its authorised agent may not grant exemption from any section of this by-law that may result in –
- (a) the wastage or excessive consumption of water or electricity;
 - (b) the evasion or avoidance of water or electricity restrictions;
 - (c) significant negative effects on public health, safety or the environment;

- (d) the non-payment for services;
 - (e) the installation of pipes and fittings which are not acceptable in terms of the municipality's prescribed standard; or
 - (f) any Act, or any regulation made under it, not being complied with.
- (3) The municipality or its authorised agent may at any time after giving written notice of at least 30 days, withdraw any exemption given under subsection (2).

CHAPTER 2 SUPPLY OF MUNICIPAL SERVICES

Part 1

Application for supply and service agreements, credit screening, deposits, billing and payment, and termination of service agreements

5. Application for supply of municipal services and service agreements

- (1) Any application for any supply of services to any premises must be made at the municipal offices at least four working days, or such lesser period as may be accepted by the municipality, prior to the service being required and must comply with the conditions determined by the Municipal Manager.
- (2) After the commencement of this by-law only the owner of a property or his or her duly authorised agent on his or her behalf may apply for municipal services to be supplied to a property.
- (3) No services will be supplied unless and until application has been made by the owner and a service agreement in the format prescribed by the municipality has been entered into and a deposit provided for in section 6 has been paid.

6. Deposits

- (1) On approval of the application and before the service is made available, the municipality may require the applicant –
- (a) to deposit for municipal services with the municipality a sum of money;
 - (b) to provide any other form of security; or
 - (c) to agree to special conditions regarding payment of the municipal account,
- and monies so deposited with the municipality serve as security.
- (2) The Municipal Manager reserves the right to review the sum of money deposited or the amount for which additional security is required.
- (3) The Municipal Manager may, in respect of preferred customers, consider relaxation of the conditions pertaining to deposits as set out in subsections (1) and (2).
- (4) On termination of the supply of services, the amount of such deposit, less any payments due to the municipality, must be refunded to an account holder.

7. Billing and payment

- (1) The account holder must pay all amounts due to the municipality as reflected in the municipal account, and the onus is on the account holder to verify the accuracy of such account.
- (2) An account holder must pay for metered services, and must pay the rates, other municipal charges, levies, fees, fines, interest, taxes or any other liability or obligation from the date of origin of such municipal charges until the written termination of the services.
- (3) An account holder –
- (a) must, where possible, be rendered one account, on which the due date for settlement of the total amount owing is reflected, subject to the provisions of subsection (14); and
 - (b) must be billed monthly in cycles of approximately 30 days.

- (4) Payment must be received on or before the close of business on the due date.
- (5) Payment made via electronic media or any of the service providers appointed by the municipality to receive payments on its behalf, should be made at least four working days before the due date to enable the payment to be processed, and interest accrues should the municipality receive payment after the due date.
- (6) Where the account holder effects payment of an account via a service provider four working days or more before the due date and such service provider fails to furnish the municipality with the relevant payment details, such service provider may be held liable for all charges incurred by the municipality to recover an arrear amount erroneously reflected on the account of the account holder, as well as for interest charges.
- (7) The municipality may estimate the quantity of metered services supplied in respect of a period or periods within the interval between actual successive readings of the meters, which intervals may not exceed 4 months, and may render an account to an account holder for the quantity of metered services so estimated.
- (8) If an account holder is dissatisfied with an account rendered for metered services supplied by the municipality, such account holder may, prior to the due date stipulated therein object to the account, setting out reasons for such dissatisfaction.
- (9) Should any dispute arise as to the amount owing by an account holder, and subject to the provisions of section 102 of the Local Government: Municipal Systems Act, 2000 (Act 32 of 2000), the account holder must notwithstanding such dispute proceed to make regular payments by the due date based on the calculation of the average municipal account for the preceding three months prior to the arising of the dispute and taking into account interest as well as the annual amendments of tariffs of the municipality.
- (10) An error or omission in any account or failure to render an account does not relieve the account holder of the obligation to pay by the due date.
- (11) If an account holder uses water or electricity for a category of use other than that for which it is supplied by the municipality and is in consequence not charged for water or electricity so used, or is charged for the water or electricity at a rate lower than that at which the account holder should be charged, the account holder is liable for the amount due to the municipality in accordance with the prescribed charges in respect of –
 - (a) the quantity of water or electricity which the account holder has used and for which the account holder has not been charged; or
 - (b) the difference between the cost of the water or electricity used by the account holder at the rate at which the account holder has been charged and the cost of the water or electricity at the rate at which the account holder should have been charged.
- (12) An account holder is not entitled to a reduction of the amount payable for metered services which are lost due to a fault in the meter, until such time as the provisions of section 13(8)(c) have been met.
- (13) The municipality may –
 - (a) consolidate any separate accounts of an account holder liable for payment to the Municipality; and
 - (b) credit any payment by an account holder against any debt of that account holder.
- (14) The owner of property may enter into an agreement with the municipality in terms of which payment for rates is made annually, in which case payment must be made on or before the date determined by the municipality.

8. Termination of service agreement

- (1) Termination of the service agreement must be in writing to the other party of the intention to do so.
- (2) Where a property is sold, an owner may terminate a service agreement by giving the municipality not less than four working days' notice in writing.
- (3) The municipality may, by notice in writing of not less than 14 working days, advise an account holder of the termination of the agreement for a supply of municipal services if –
 - (a) the account holder has committed a breach of this by-law and has

- failed to rectify such breach; or
- (b) the municipality cannot continue to supply the account holder with municipal services, as in terms of an arrangement with another authority supplying municipal services such authority must in future supply municipal services to the account holder.

Part 2
Non-payment of municipal accounts

9. Arrangements for payments

- (1) Should an account holder, before any of the steps have been taken in terms of section 11, not be able to pay the municipal account in full, the account holder may approach the municipality with the aim of making short-term arrangements to settle the account.
- (2) Should an account holder, after any of the steps have been taken in terms of section 13, experience difficulties in paying the municipal account, the account holder may approach the municipality with the aim of making arrangements to settle the account, and the account holder must enter into a written agreement with the municipality to repay to the municipality the outstanding and due amount under the conditions and on a basis determined, by the Municipal Manager,.
- (3) The written agreement must be signed on behalf of the municipality by a duly authorised officer.
- (4) In the instance where arrangements for payment have been made the municipality may –
- (a) review the deposit;
 - (b) require of an account holder to pay by means of a stop order or debit order;
 - (c) require of an account holder to convert to a pre-paid metering system; or
 - (d) require any other form of security, including personal surety by the directors or members of a company, closed corporation, trust or body corporate.

10. Interest on overdue municipal accounts

- (1) The municipality may, charge or recover interest at a rate determined by it in respect of any arrear amounts due and payable.
- (2) Irrespective of the reason for non-payment, or where an arrangement has been made in terms of section 9, interest accrues if an account is unpaid.
- (3) Interest is calculated monthly according to the interest rate approved by the municipality, and a portion of a month is regarded as a month.
- (4) Interest is payable if payment is not received at an office of the municipality or to the credit of the bank account of the municipality at the close of business on the due date.

11. Debt collection mechanisms

- (1) Where appropriate, the Municipality must at all times attempt to advise an account holder of an impending disconnection or restriction of a supply, and the following mechanisms may be applied should an account holder fail to settle a municipal account by the due date:
- (a) delivering or mailing of a final demand and explaining to the account holder the status of the account and the consequences of not paying or concluding an arrangement;
 - (b) informing the account holder verbally, in writing, telephonically, or by electronic means of the overdue amount and the impending disconnection or restriction of services
 - (c) disconnecting or restricting the supply of municipal services to the premises and the serving of a disconnection or restriction notice on the account holder; or
 - (d) debiting the municipal account of the account holder with all relevant fees or penalties approved by the municipality.

(2) Where the metered supply had been disconnected or restricted, and should the account holder still fail to pay the account, the premises may be revisited at regular intervals to ensure that the metered supply remains disconnected or restricted, and if it is found that the supply which had been disconnected or restricted previously has been restored –

- (a) the municipality has the right to take whatever action is required in terms of section 30, and the account holder is responsible for the relevant fees or charges or damages caused;
- (b) the municipality may refuse to supply services for a period determined by the municipality ; and
- (c) in the instance of the use of a pre-paid meter, the municipality may cease further vending of pre-paid services.

(3) Where a duly authorised officer of the municipality has visited the premises for the purpose of disconnecting or restricting the supply and was obstructed or prevented from effecting such disconnection or restriction, an amount equal to the prescribed fee for a reconnection becomes payable for each visit necessary for the purpose of such disconnection or restriction, subject to a maximum of two such visits during which disconnection or restriction could not be effected.

(4) The municipality may use any one or more of the following mechanisms to secure full payment of any amounts owing to it:

- (a) requiring of the account holder to convert to another metering system;
- (b) allocating a portion of any pre-paid payment to other debts;
- (c) publishing a list of account holders who remain in default;
- (d) withholding payment of a grant-in-aid and subject to the provisions of section 32, excluding the account holder from the tender process;
- (e) withholding payment on contracts for settlement of the municipal account;
- (f) reviewing and altering the conditions of the service agreement;
- (g) instituting legal proceedings for the recovery of the debt;
- (h) classifying the account holder as an unreliable customer;
- (i) using the services of external debt collection specialists or agencies;
- (j) insisting on conversion to pre-paid metering at the cost of the account holder; or
- (k) employing any other methods authorised by the municipality from time to time to recover arrear amounts.

(5) The cost of collection, where applicable, is for the account holder's account.

(6) Subject to the provisions of sections 28 and 29 of the Property Rates Act, 2004 (Act 6 of 2004), the right to deny, restrict, disconnect or terminate services due to the non-payment for any rates, metered services, other municipal charges, levies, fees, fines, interest, taxes or any other amount or amounts payable arising from any other liability or obligation prevails notwithstanding the fact that –

- (a) payment was intended for any specific service; or
- (b) the person who entered into a service agreement for supply of services with the municipality and the owner are different entities or persons, as the case may be.

Part 3

Metering equipment and metering of services

12. General provisions

The municipality may introduce various metering equipment and may encourage an account holder to convert to a system, which will benefit the municipality and account holders.

13. Metering equipment and measuring of consumption

(1) The municipality must, at the consumer's cost in the form of a direct charge or prescribed fee, provide, install and maintain appropriately rated metering equipment at the point of metering for measuring metered services.

- (2) The municipality reserves the right to meter the supply to a block of shops, flats, tenement-houses and similar buildings for the building as a whole, or for an individual unit, or for a group of units.
- (3) Where any building referred to in subsection (2) is metered by the municipality as a whole -
- (a) the owner may, at own cost, provide and install appropriate sub-metering equipment for each shop, flat and tenement; or
 - (b) the municipality may require the installation, at the account holder's expense, of a meter for each unit of any premises occupation separately for the purpose of determining the quantity of metered services supplied to each such unit.
- (4) Where the electricity used by consumers is charged at different tariffs, the consumption must be metered separately for each tariff.
- (5) Where sub-metering equipment is installed, accommodation separate from the municipality's metering equipment must be provided where appropriate.
- (6) Except in the case of pre-payment meters, the quantity of metered services used by a consumer during any metering period is ascertained by reading the appropriate meter or meters supplied and installed by the municipality at the beginning and end of such metering period, except where the metering equipment is found to be defective.
- (7) For the purpose of calculating the amount due and payable for the quantity of metered services consumed, the same amount of metered services is deemed to be consumed during every period of 24 hours between readings.
- (8) The following apply to the accuracy of metering:
- (a) a meter is conclusively presumed to be registering accurately if its error, when tested in the manner prescribed in subsection (13), is found to be within the limits of error as provided for in the applicable standard specifications;
 - (b) the municipality has the right to test its metering equipment, and if it is established by test or otherwise that such metering equipment is defective, the Municipality must –
 - (i) in case of a credit meter, adjust the account rendered; or
 - (ii) in the case of prepayment meters:
 - (aa) render an account where the meter has been under-registering; or
 - (bb) issue a free token where the meter has been over-registering; and
 - (c) the consumer is entitled to have the metering equipment tested by the municipality on payment of the prescribed fee, and if the metering equipment is found not to comply with the system accuracy requirements as provided for in the applicable standard specifications, an adjustment in accordance with the provisions of paragraph (b) and subsection (7) must be made and the aforesaid fee must be refunded.
- (9) No alterations, repairs, additions or connections of any description may be made on the supply side of the point of metering unless specifically approved in writing by the Municipal Manager.
- (10) Prior to the municipality making any upward adjustment to an account in terms of subsection (8)(b), the municipality must –
- (a) notify the consumer in writing of the monetary value of the adjustment to be made and the reasons therefor;
 - (b) in such notification provide sufficient particulars to enable the consumer to submit representations thereon; and
 - (c) call upon the consumer in such notice to present it with reasons in writing, if any, within 21 days or such longer period as the municipality may permit, why the account should not be adjusted as notified, and should the consumer fail to provide any representation during the period the municipality is entitled to adjust the account as notified in paragraph (a).
- (11) The Municipality must consider any representation provided by the consumer in terms of subsection (10) and may adjust the account appropriately.

(12) If the Municipal Manager decides that such representation does not establish a case warranting an amendment to the monetary value established in terms of subsection (15), the municipality is entitled to adjust the account as notified in terms of subsection (10)(a), and the consumer has the right to appeal the decision of the official in terms of section 62 of the Local Government: Municipal Systems Act, 2000 (Act 32 of 2000).

(13) Meters are tested in the manner provided for in the applicable standard specifications.

(14) When an adjustment is made to the consumption registered on a meter in terms of subsection (8)(b) or (8)(c), such adjustment is based either on the percentage error of the meter as determined by the test referred to in subsection (13), or upon a calculation by the Municipality from consumption data in its possession, and where applicable, due allowance must be made, where possible, for seasonal or other variations which may affect consumption.

(15) When an adjustment is made as contemplated in subsection (14), the adjustment may not exceed a period of six months preceding the date on which the metering equipment was found to be inaccurate, however the application of this subsection does not bar a consumer from claiming back overpayment for any longer period where the consumer is able to prove the claim in the normal legal process.

(16) The municipality may dispense with the use of a meter in case of –

- (a) an automatic sprinkler fire installation; or
- (b) special circumstances that may justify such dispensation.

(17) The municipality may by notice –

- (a) prohibit or restrict the consumption of metered services –
 - (i) for specified or non-specified purposes;
 - (ii) during specified hours of the day or on specified days or otherwise than during specified hours of the day or on specified days; and
 - (iii) in a specified or non-specified manner; and
- (b) determine and impose –
 - (i) limits on the quantity of metered services which may be consumed over a specified period;
 - (ii) charges additional to those prescribed in respect of the supply of metered services in excess of a limit contemplated in subparagraph (i); and
 - (iii) a general surcharge on the prescribed charges in respect of the supply of metered services; and
- (c) impose restrictions or prohibitions on the use or manner of use or disposition of an appliance by means of which metered services is used or consumed, or on the connection of such appliance.

(18) The municipality may limit the application of the provisions of a notice contemplated by subsection (17) to specified areas and classes of account holders, premises and activities, and may provide for the Municipality to permit deviations and exemptions from, and the relaxation of any of the provisions.

(19) To ensure compliance with a notice published in terms of subsection (17), the municipality may take, or by written notice require an account holder at the account holder's expense to take, such measures, including the installation of measuring devices and devices for restricting the flow of metered services as may be necessary.

(20) In addition to the person by whose act or omission a contravention of or failure to comply with the terms of a notice published in terms of subsection (17) is actually committed, an account holder in respect of the premises to which metered services are supplied is presumed also to have committed the contravention or to have so failed to comply, unless evidence is adduced that the account holder had taken all reasonable steps to prevent such a contravention or failure to comply by any other person, however, the fact that the account holder issued instructions to the other person shall not of itself be accepted as sufficient proof that the account holder took all such reasonable steps.

(21) The provisions of this section also apply in respect of metered services supplied directly by the municipality to account holders outside its area of jurisdiction, notwithstanding

anything to the contrary in the conditions governing such supply, unless otherwise specified in the notice published in terms of subsection (17).

(22) If action is necessary as a matter of urgency to prevent waste of metered services, refuse or sewerage, damage to property, danger to life, or pollution of water, the municipality may –

(a) without prior notice disconnect the supply of metered services to any premises; and

(b) enter upon such premises and do emergency work, as it may deem necessary, and in addition by written notice require the account holder to do within a specified period such further work as the municipality may deem necessary;

(23) The municipality may recover from the account holder the cost of any work undertaken in terms of subsection (22)(b) where such work was undertaken because of an unlawful act or omission by the account holder.

(24) Before any metered or pre-paid metered supplies which have been disconnected or restricted for non-payment is restored, an account holder must pay all fees and charges as determined by the municipality.

(25) The municipality may, at the written request of an account holder and on the dates requested by the account holder –

(a) disconnect the supply of metered services to the account holder's premises; and

(b) upon payment of the prescribed charge for restoration, restore the supply of such services.

(26) After disconnection for non-payment of an account or a contravention of any provision of this by-law, the prescribed fees must be paid before reconnection is made.

(27) The following apply to the reading of credit meters:

(a) unless otherwise prescribed, credit meters are normally read at intervals of approximately one month and the fixed or minimum

charges due in terms of the tariff are assessed accordingly and the municipality is not obliged to effect any adjustments to such charges;

(b) if for any reason the credit meter cannot be read, the municipality may render an estimated account, and estimated consumption must be adjusted in a subsequent account in accordance with the consumption actually consumed;

(c) when an account holder vacates a property and a final reading of the meter is not possible, an estimation of the consumption may be made and the final account rendered accordingly;

(d) if a special reading of the meter is desired by a consumer, this may be obtained upon payment of the prescribed fee; and

(e) if any calculating, reading or metering error is discovered in respect of any account rendered to a consumer –

(i) the error must be corrected in subsequent accounts;

(ii) any such correction applies only in respect of accounts for a period of six months preceding the date on which the error in

the accounts was discovered,

(iii) the correction is based on the actual tariffs applicable during the period; and

(iv) the application of this section does not prevent a consumer from claiming back overpayment for any longer period where the consumer is able to prove the claim in the normal legal process.

(28) The following apply to prepayment metering:

(a) no refund of the amount tendered for the purchase of electricity or water credit is given at the point of sale after initiation of the process

by which the pre-payment meter token is produced; provided that this section will only apply to Standard Transfer Specification equipment (STS tokens);

(b) copies of previously issued tokens for the transfer of credit to the

- pre-payment meter may be issued at the request of the consumer;
- (c) when an account holder vacates any premises where a pre-payment meter is installed, no refund for the credit remaining in the meter is made to the owner by the municipality;
 - (d) the municipality is not liable for the re-instatement of credit in a prepayment meter lost due to tampering with, or the incorrect use or the abuse of, pre-payment meters or tokens;
 - (e) where an account holder is indebted to the municipality for any rates, metered services, other municipal charges, levies, fees, fines, interest, taxes or any other amount or amounts payable arising from any other liability or obligation, the municipality may deduct a percentage from the amount tendered to offset the amount owing to the municipality; and
 - (f) the municipality may appoint vendors for the sale of credit for prepayment meters and does not guarantee the continued operation of any vendor.
- (29) A person who contravenes any provision of this section is guilty of an offence.

14. Resale of water or electricity

- (1) No account holder who is supplied with metered services in terms of this by-law may sell or supply water or electricity to any other person or persons for such use upon any premises other than those in respect of which such agreement is made, or permit or offer such resale or supply to be made, unless prior permission from the municipality has been obtained.
- (2) If the municipality grants the permission referred to in subsection (1), it may stipulate the maximum price at which the water or electricity may be sold and impose such other conditions as it may deem fit.
- (3) Permission referred to in subsection (1) may be withdrawn at any time.
- (4) Where water or electricity is resold for use on the same premises, such resale must be in accordance with the tariff and subject to such conditions as the municipality may impose.
- (5) A person who contravenes any provision of this section is guilty of an offence.

Part 4 **Indigence relief measures**

15. Requirements for indigence relief

- (1) To qualify for indigence relief, the following requirements must be met:
 - (a) The applicant must be an account holder;
 - (b) the applicant must, before a date determined by the municipality, apply annually, or at such intervals as determined by the municipality, to be granted the status as a poor household, and for these purposes must -
 - (i) complete and sign the prescribed forms; and
 - (ii) provide any other documentation as may be required by the municipality ;
 - (c) the applicant may not be the owner of more than one property and he or she must occupy the property; and
 - (d) the collective household income may not exceed the amount determined by the municipality in terms of subsection (2).
- (2) For the purposes of determining the collective household income as contemplated in subsection (1)(d), the municipality may stipulate an amount, or may determine a maximum amount based on any one or more of the following:
 - (a) consumption of water;
 - (b) consumption of electricity; or
 - (c) the municipal valuation of the property, which valuation may not exceed the value determined by the municipality .
- (3) In the case of a tenant –

- (a) the tenant must apply in person and may qualify for electricity, water and refuse and sewage charges only, for which charges he or she must receive a municipal account; and
- (b) the person receiving the rent payable by the tenant whether on the person's own account or as agent for any other person entitled thereto or interested therein, is responsible for rates.
- (4) In the instance where the account holder is deceased, the existing and future accounts of the household must be accepted under the indigence relief measures, on condition that only the surviving spouse or dependent children may apply or benefit.

16. Credit given

- (1) Households which qualify for indigence relief measures may receive a credit for some or all of the following as determined by the municipality:
 - (a) a quantity of electricity plus basic fee;
 - (b) a quantity of water plus basic fee;
 - (c) refuse removal charges;
 - (d) sewerage charges;
 - (e) rates; or
 - (f) any other service fees, taxes or charges over and above the rendered services.
- (2) The municipality has the right to review an application for indigence relief on a regular basis and to visit the property mentioned in section 15(1)(c) at any reasonable time for the purposes of verifying the information given in an application.
- (3) The normal rates, fees and charges and the requirement to pay an account will apply should a household account exceed the credit limits approved by the municipality.
- (4) Where it has been established that indigence relief has been granted on the basis of false or fraudulent information supplied, the municipality may withdraw such relief with immediate effect and the recipient of the relief may be held liable for the immediate repayment of all relief received and all debts, including arrears that have previously been written off, and the municipality may institute criminal proceedings as it may deem fit.

CHAPTER 3 TARIFFS

Part 1

General principles, calculation of tariffs for major services

17. General principles

- (1) The municipality adopts, subject to subsection (14), sections 20(3)(d) and (e) and 21(5)(d), a two-part tariff structure consisting of a fixed availability charge coupled with a charge based on consumption.
- (2) In setting its annual tariffs the municipality must at all times take due cognisance of the –
 - (a) tariffs applicable elsewhere in the economic region; and
 - (b) impact which its own tariffs may have on local economic development.
- (3) With the exception of the indigence relief measures approved by the municipality, service tariffs imposed by the municipality should be viewed as user charges and not as taxes, and the ability of the relevant consumer or user of the services to which such tariffs relate, to pay for such services, should not be considered as a relevant criterion.
- (4) The municipality must ensure that its tariffs are uniformly and fairly applied throughout the municipal area.
- (5) Tariffs for the following services rendered by the municipality, must as far as possible recover the expenses associated with the rendering of each service concerned, and, where feasible, generate a surplus as determined in each annual budget:
 - (a) supply of electricity;
 - (b) supply of water;
 - (c) sanitation services, including sewerage and waste water disposal

- services; and
 - (d) refuse (solids waste) removal services.
- (6) The tariff, which a particular consumer or user pays, must be directly related to the standard of service received and the quantity of the particular service used or consumed.
- (7) The municipality must annually review its indigence relief measures, as contemplated in sections 15 and 16, and must set out the –
- (a) municipality's cost recovery policy in respect of the tariffs which it levies on registered indigents; and
 - (b) the implications of such policy for the tariffs which it imposes on other users and consumers in the municipal region.
- (8) (a) The municipality's tariff policy must be transparent.
- (b) The extent to which there is cross-subsidisation between categories of consumers or users must be evident to all consumers or users of the service in question.
- (9) The municipality undertakes to –
- (a) ensure that its tariffs are explained to and understood by all consumers and users affected by this by-law;
 - (b) render its services cost effectively in order to ensure the best possible cost of service delivery.
- (10) In the case of the directly measurable services, namely electricity and water, the consumption of such services must be properly metered by the municipality, and meters must be read, wherever circumstances reasonably permit, on a monthly basis, and the charges levied on consumers must be proportionate to the quantity of the service which they consume.
- (11) In considering the costing of its water, electricity and sewerage services, the municipality must take due cognisance of the high capital cost of establishing and expanding such services, and of the resultant high fixed costs, as opposed to variable costs of operating these services.
- (12) (a) The municipality's tariffs for electricity services are determined to ensure that those consumers who are mainly responsible for peak demand, and therefore for the incurring by the municipality of the associated demand charges from Eskom, have to bear the costs associated with these charges.
- (b) For the purposes of paragraph (a), the municipality must install demand meters to measure the maximum demand of such consumers during certain periods.
- (c) Such consumers must pay the relevant demand charge as well as a service charge directly related to their actual consumption of electricity during the relevant metering period.

18. Calculation of tariffs for major services

In order to calculate the tariffs, which must be charged for the supply of the services contemplated in section 17(5), the municipality must identify all the costs of operation of the undertakings concerned, including specifically the following:

- (a) cost of bulk purchases in the case of water and electricity;
- (b) distribution costs;
- (c) distribution losses in the case of electricity and water;
- (d) depreciation expenses;
- (e) maintenance of infrastructure and other fixed assets;
- (f) administration and service costs, including –
 - (i) service charges levied by other departments such as finance, human resources and legal services;
 - (ii) reasonable general overheads, such as the costs associated with the office of the municipal manager;

- (iii) adequate contributions to the provisions for bad debts and obsolescence of stock; and
- (iv) all other ordinary operating expenses associated with the service concerned including, in the case of the electricity service, the cost of providing street lighting in the municipal area; and
- (g) the cost of indigence relief measures.

Part 2

Structure of tariffs for major services, minor tariffs

19. Structure of tariffs

- (1) The municipality may–
 - (a) determine the kilowatt-hours of electricity per month and the kilolitres of water which will be provided free of charge to a consumer who have registered as an indigent in terms of section 15(1)(b);
 - (b) consider relief in respect of the tariffs for sewerage and refuse removal for such registered indigent to the extent that the council deems such relief affordable in terms of each annual budget, however, such relief may not be less than a discount as determined by the municipality; and
 - (c) levy a surcharge on a service or services in appropriate circumstances, such as during a national disaster or times of drought where it may be necessary to institute limits on consumption.
- (2) The tariff for a pre-paid meter is the same as the ordinary consumption tariffs levied on the category of consumer concerned, and no availability charge is levied on a property where a pre-paid meter has been installed.

20. Electricity

- (1) The various categories of electricity consumers, as set out in subsection (3), are charged at the applicable tariffs, as approved by the municipality in each annual budget.
- (2) Tariff adjustments are effective in respect of July accounts each year.
- (3) Categories of consumers and charges are as follows:
 - (a) with the exception of a registered indigent, a consumer must be billed for all the electricity consumed at the tariff applicable to the category in which the particular consumer falls.
 - (b) the tariff for domestic consumption of electricity may not exceed such percentage, per kilowatt-hours, as determined by the municipality, of the tariff applicable to other consumers, and all other consumers, including businesses, industries and institutional consumers, must pay the same tariff per kilowatt-hour.
 - (c) A domestic electricity consumer of the municipality who is registered as an indigent with the municipality must receive free the amount of kilowatt-hours of electricity as determined in terms of section 19(1).
 - (d) a domestic electricity consumer other than a registered indigent and sub-economic (Government subsidised Housing) consumer must additionally be billed an availability charge per meter installed.
 - (e) a commercial, industrial and other non-domestic property must additionally be billed a monthly availability charge per meter installed and, where applicable, a demand charge appropriate to its respective levels of consumption.

21. Water

- (1) The categories of water consumers as set out in subsection (5), are charged at the applicable tariffs, as approved by the municipality in each annual budget.
- (2) Tariff adjustments are effective in respect of July accounts each year.

(3) The tariff levied for domestic consumption of water escalates according to the volume of water consumed, and will be based on a monthly consumption as determined by the municipality.

(4) The tariff for non-domestic water consumption is based on a single tariff per kilolitre consumed, irrespective of the volume of consumption concerned.

(5) Categories of consumers and charges are as follows:

(a) a domestic water consumer registered as an indigent with the municipality must receive free the first six kilolitre of water consumed

per month, thereafter a tariff as determined by the municipality is applicable on metered water consumption.

(b) all other domestic consumers are charged for actual water consumption at a stepped tariff per kilolitre as determined by the municipality.

(c) the tariff applicable to domestic consumption of water may not exceed such percentage per kilolitre as determined by the municipality, of the tariff applicable to other consumers and all other consumers, including businesses, industries and institutional consumers, must pay the tariff as contemplated in subsection (4).

(d) an availability charge per water meter, as determined by the municipality, is charged on a water consumer.

22. Refuse removal

(1) The categories of refuse removal users as set out in subsection (3) are charged at the applicable tariffs, as approved by the municipality in each annual budget.

(2) Tariff adjustments are effective in respect of July accounts each year.

(3) A separate fixed monthly refuse removal charge applies to each of the following categories of users, based on the costs of the service concerned:

(i) domestic and other users, where refuse is removed by the municipality once weekly; and

(ii) business and other users, where refuse is removed by the municipality twice weekly;

(iii) business and other users, where refuse is removed by the municipality thrice weekly; and

(iv) business and other bulk consumers.

(4) A registered indigent may receive a discount on this charge as the municipality deems affordable when approving each annual budget, which discount may not be less than the percentage, as determined by the municipality, of the monthly amount billed as a refuse removal charge.

23. Sewerage

(1) The categories of sewerage users as set out in subsection (3) are charged per month at the applicable tariff as approved by the municipality in each annual budget.

(2) Tariff adjustments are effective in respect of July accounts each year.

(3) Categories of users and charges are:

(a) an availability charge is charged per month or annually for an undeveloped erf, irrespective of its permitted or intended use.

(b) a fixed monthly charge based on the costs of the service, is charged for bucket removal for a domestic user, however, a registered indigent may receive such discount on this charge as the municipality deems affordable when approving each annual budget, which discount may not be less than the percentage, as determined by the municipality, of the monthly amount billed for this service.

(c) a fixed monthly charge based on the costs of the service is charged for a domestic user, however, a registered indigent may receive such discount on this charge as the municipality deems affordable when approving each annual budget, which discount may not be less than the percentage, as determined by the municipality, of the monthly amount billed for this service.

- (d) a fixed monthly charge based on the costs of the service per sewer point or toilet is charged to all businesses, industries and institutional users.
- (e) an effluent fee is payable by a factory and another industrial user where the wastewater emanating from such user requires special purification measures by the municipality, and the fee is based on the toxic content of the wastewater concerned and the costs of the purification.
- (f) a charge, based on the costs of the service to empty a septic tank, will be levied for each visit to empty a septic tank on the premises of a person requiring such service.

24. Minor tariffs

- (1) All minor tariffs are standardised within the municipal region.
- (2) All minor tariffs are approved by the municipality in each annual budget and are, when deemed appropriate by the municipality, subsidised by property rates and general revenues, particularly when the –
 - (a) tariffs prove uneconomical when charged to cover the cost of the service concerned;
 - (b) cost cannot accurately be determined; or
 - (c) tariff is designed purely to regulate rather than finance the use of the particular service or amenity.
- (3) Unless there are compelling reasons why such adjustment should not be effected, all minor tariffs over which the municipality has full control, and which are not directly related to the cost of a particular service, are adjusted annually at least in accordance with the prevailing consumer price index.
- (4) The following services are subsidised services, and the tariffs levied cover 50%, or as near as possible to 50%, of the annual operating expenses budgeted for the service concerned:
 - (a) burial services and the provision of cemeteries; and
 - (b) the provision of municipal sports facilities for use against a fee.
- (5) The following services are considered as being community services, and no tariffs are levied for their use:
 - (a) a municipal swimming pool;
 - (b) a municipal museum and art gallery;
 - (c) the disposal of garden refuse at the municipal disposal site;
 - (d) a municipal reference library;
 - (e) a municipal lending library, except for fines determined;
 - (f) a municipal botanical garden, other park or open space;
- (6) The following services are considered as being economic services, and the tariffs levied cover 100%, or as near as possible to 100%, of the budgeted annual operating expenses of the service concerned:
 - (a) The maintenance of graves, gardens of remembrance and crematoria against payment of a fee;
 - (b) the availability of a house against payment of a housing rental;
 - (c) subject to subsection (9), the use of a municipal hall and other premises against payment of a fee;
 - (d) the supply of a building plan against payment of a fee;
 - (e) the selling of –
 - (i) plastic refuse bags;
 - (ii) the selling of refuse bins; or
 - (iii) livestock and plants;
 - (f) the cleaning of stands against payment of a fee;
 - (g) the connection of electricity, water and sewerage against payment of a connection fee;
 - (h) the photo stating of copies against payment of a fee; and
 - (i) the issuing of a clearance certificate against payment of a fee.
- (7) The following charges and tariffs are considered as regulatory or punitive, and are determined as appropriate in each annual budget:

- (a) fines for lost or overdue library books;
 - (b) advertising sign fees;
 - (c) pound fees;
 - (d) disconnection and reconnection fees of electricity and water;
 - (e) penalty and other charges imposed in terms of Chapters 1 and 2; and
 - (f) penalty charges for the submission of dishonoured, stale, post-dated or otherwise unacceptable cheques.
- (8) The lease of a municipal property must be dealt with in terms of the Municipality's Supply Chain Management Regulations or Policy;
- (9) If the municipal manager is satisfied, in the case of a rental for the use of a municipal hall and premises, that the hall or premises is required for non-profit making purposes and for the provision of a service to the community, the municipal manager may waive the applicable rental.
- (10) The municipal manager must determine whether an indemnity or guarantee is to be lodged, or whether a deposit has to be paid, for the rental of a municipal hall, premises or sports field, and in so determining must be guided by the likelihood of the municipality's sustaining damages as a result of the use of the facilities concerned.
- (11) The costs of the democratic process in the municipality such as, but not limited to, all expenses associated with the political structures of the municipality, form part of the expenses to be financed from property rates and general revenues, and are not included in the costing of the major services of the municipality.

CHAPTER 4 RATES

25. Imposition of rates

- (1) The municipality must impose, as part of each annual operating budget component, a rate in the rand on the value of all rateable property as recorded in the municipality's valuation roll and supplementary valuation roll.
- (2) When imposing the rate for each financial year, the municipality must take proper cognisance of the –
- (a) aggregate burden of rates and service charges on property owners in the various categories of property ownership; and
 - (b) extent to which this burden is or remains competitive with the comparable burden in other municipalities within the local economic region.

26. Rebates on rates

- (1) The municipality may grant rebates in recognition of the following factors:
- (a) the inability of residential property owners to pass on the burden of rates, as opposed to the ability of the owners of business, commercial, industrial and certain other properties to recover such rates as part of the expenses associated with the goods or services which they produce;
 - (b) the need to accommodate indigents and less affluent pensioners;
 - (c) the services provided to the community by public service organisations;
 - (d) the value of agricultural activities to the local economy coupled with the limited municipal services extended to such activities, but also taking into account the municipal services provided to municipal residents who are employed in such activities;
 - (e) the need to preserve the cultural heritage of the local community;
 - (f) the need to encourage the expansion of public service infrastructure; and
 - (g) the indispensable contribution which property developers, especially in regard to commercial and industrial property development, make towards local economic development, and the continuing need to encourage such development.

(2) The municipal manager must, subject to section 15(3) and 15(4) of the Property Rates Act, 2004 (Act 6 of 2004), ensure that rebates are indicated on the rates accounts submitted to each property.

(3) The municipality may categorise properties and grant rebates as determined by it.

(4) In determining whether a property forms part of a particular category contemplated in subsection (3), the municipality must have regard to the actual use to which the relevant property is put, and in the case of vacant land not specifically included in any of the categories, the permitted use of the property determines into which category it falls.

(5) The rebates granted under subsection (3) apply in addition to the provisions of section 17(1)(h) of the Property Rates Act, 2004 (Act 6 of 2004).

(6) (a) Subject to the provisions of section 9 of the Property Rates Act, 2004, a property, other than one referred to in section 17(1)(h)(i) of that Act, is rated on the value assigned to each component, and receives the rebate applicable to such component.

(b) where one component on average represents a higher percentage than that determined by the municipality, of the property's actual use, such property must be rated as though it were used for that use only.

27. Adjustment of rates

(1) Where the rates levied on a particular property have been incorrectly determined, whether because of –

(a) an error or omission on the part of the municipality;

(b) false information provided by the property owner concerned; or

(c) a contravention of the permitted use to which the property concerned may be put, the rates payable must be appropriately adjusted for the period extending from the date on which the error or omission is detected back to the date on which rates were first levied in terms of the current valuation roll.

(2) Where the error occurred as contemplated in subsection (1)(b) or (c), interest on the unpaid portion of the adjusted rates payable must be levied at the maximum rate permitted by prevailing legislation.

28. Frequency of valuations

Subject to the provisions of sections 32 and 77 of the Property Rates Act, 2004 (Act 6 of 2004), the municipality must prepare a new valuation roll every three years and supplementary valuation rolls every six months.

CHAPTER 5 ENFORCEMENT

29. Municipality's powers to restrict or disconnect supply of services

The municipality may, over and above the provisions of any other provisions in this by-law restrict or disconnect the supply of water and electricity, or discontinue any other service to any premises if -

(a) an administration order is granted in terms of section 74 of the Magistrates Court Act, 1944 (Act 37 of 1944), in respect of an account holder; provided further that such services will only be suspended if the account holder fails to make regular payments in respect of the current services;

(b) an account holder of any service fails to comply with a condition of supply imposed by the municipality;

(c) an account holder obstructs the efficient supply of electricity, water or any other municipal services to another account holder;

(d) an account holder supplies such municipal services to any person who is not entitled thereto or permits such service to continue;

(e) an account holder causes a situation which is dangerous or a contravention of

- relevant legislation; or
- (f) an account holder is placed under provisional registration, liquidation or judicial management, or commits an act of insolvency in terms of the Insolvency Act, 1936 (Act 24 of 1936).

30. Tampering, unauthorised connections and reconnections, and improper use

- (1) The municipality reserves the right to monitor the service network for signs of tampering or irregularities.
- (2) No person may in any manner or for any reason tamper or interfere with any meter or metering equipment or service connection or service protective device or supply mains or any other equipment of the municipality.
- (3) Where evidence exists of an account holder or any person having contravened subsection (2), the municipality has the right to disconnect the supply immediately and without prior notice to the account holder, and the account holder is liable for all fees and charges levied by the Municipality for such disconnection.
- (4) Where an account holder or any person has contravened subsection (2) and such contravention has resulted in the meter recording less than the true consumption, the municipality has the right to recover from the account holder the full cost of his or her estimated consumption.
- (5) A person who contravenes any provision of this section is guilty of an offence.

31. Clearance certificate

To effect the transfer of any immovable property from one registered owner to another, the Registrar of Deeds requires a clearance certificate, which certificate is obtainable from the municipal manager upon payment of the prescribed fee and subject to the conditions of section 118 of the Municipal Systems Act, 2000 (Act 32 of 2000) being met.

32. Tenders and grants-in-aid

- (1) Each tender submitted to the municipality must be accompanied by a certificate from the municipality stating that the proposed supplier/service provider is not indebted to the municipality for any arrear amount reflected on the municipal account.
- (2) Should a proposed supplier/service provider be so indebted, the municipality may disallow the tender.
- (3) The municipality may only consider a tender once the proposed supplier/service provider has made satisfactory arrangements to pay the outstanding amount by means of instalments, or has settled all arrear amounts in full.
- (4) The municipal manager or a duly authorised officer of the municipality must in the condition of contract, provide for the deduction from moneys owed to the supplier/service provider in order to settle any outstanding amount.
- (5) Payment of any grants-in-aid approved by the municipality may be withheld pending payment of any outstanding municipal account, or pending an agreement between the municipality and the receiver of a grant-in-aid in which satisfactory arrangements have been made regarding the settlement of the outstanding municipal account.

33. Power of council to recover costs

- (1) Where a bank dishonours any payment made to the municipality, the municipality may levy and recover all related costs and any administration fees against an account of the defaulting account holder and may disconnect or restrict the supplies to the premises of such account holder.
- (2) All legal costs, excluding attorney-and-client costs incurred in the recovery of amounts in arrears and payable in terms of the Magistrates Court Act, 1944 (Act 32 of 1944), must be levied against the arrears account of the account holder.
- (3) For any action taken in demanding payment from an account holder or reminding an account holder by means of telephone, fax, electronic mail, letter or otherwise that payments

are due, a fee will be levied against the municipal account of the account holder in terms of the municipality's tariff policy.

34. Prima facie evidence

A certificate reflecting the amount due and payable to the municipality, signed by the municipal manager, is upon mere production thereof prima facie evidence of the indebtedness of the person mentioned in it.

35. Abandonment of bad debts, and full and final settlement of account

(1) Before terminating the debt collection procedure in any individual instance, the municipal manager must –

- (a) ensure that all debt collection mechanisms as provided for in section 11 have been utilised where reasonable;
- (b) maintain an audit trail; and
- (c) document the reasons for terminating the debt collection procedure, including the cost of enforcement and necessary financial adjustments.

(2) The municipal manager may consider an offer for full and final settlement, and must, if in the interests of the municipality, in writing consent to the acceptance of a lesser amount as full and final settlement of the amount due and payable.

(3) Where the exact amount due and payable to the municipality has not been paid in full, any lesser amount tendered to and accepted by any municipal employee, except the municipal manager, shall not be deemed to be in full and final settlement of such an amount.

36. Power of entry and inspection

(1) A duly authorised representative of the municipality may for any reason related to the implementation or enforcement of this by-law at all reasonable times or in emergency at any time, enter premises, request information and carry out such inspection as deemed necessary, and may for purposes of installing or repairing any meter or service connection for reticulation disconnect, stop or restrict the provision of any service.

(2) If the municipality considers it necessary for work to be performed to enable an officer to perform a function referred to in subsection (1) properly and effectively, it may –

- (a) by written notice require an account holder to do, at own expense, specified work within a specified period; or
- (b) if the situation is a matter of urgency, without prior notice do such work or cause it to be done at the expense of the account holder.

(3) If the work referred to in subsection (2) is carried out for the sole purpose of establishing whether a contravention of this by-law has been committed and no such contravention has taken place, the municipality must bear the expense connected therewith together with that of restoring the premises to their former condition.

37. Authentication and service of orders, notices and other documents

(1) An order, notice or other document, requiring authentication by the municipality, must be signed by the municipal manager and when issued by the municipality in terms of this by-law is deemed to be duly issued if it is signed by an officer authorised by the municipality.

(2) Any notice or other document that is served on a person by a duly authorised officer of the municipality in terms of this by-law, is regarded as having been served –

- (a) when it has been delivered to that person personally;
- (b) when it has been left at that person's place of residence or business in the Republic with a person apparently over the age of 16 years;
- (c) when it has been posted by registered or certified mail to that person's last known residential or business address in the Republic and an acknowledgement of the posting thereof from the postal service is obtained;

- (d) if that person's address in the Republic is unknown, when it has been served on that person's agent or representative in the Republic in the manner provided by paragraphs (a), (b) or (c);
 - (e) if that person's address and agent or representative in the Republic is unknown, when it has been placed in a conspicuous place on the property or premises, if any, to which it relates;
 - (f) in the event of a body corporate, when it has been delivered at the registered office of the business premises of such body corporate to a person apparently over the age of 16 years; or
 - (g) when it has been delivered, at the request of a person, to that person's electronic mail address.
- (3) When any notice or other document has to be served on the owner, an account holder or holder of any property or right in any property, it is sufficient if that person is described in the notice or other document as the owner, account holder or holder of the property or right in question, and it is not necessary to name that person.
- (4) Service of a copy is deemed to be service of the original.
- (5) Any legal process is effectively and sufficiently served on the municipality when it is delivered to the municipal manager or a person in attendance at the municipal manager's office.

CHAPTER 6 MISCELLANEOUS PROVISIONS
